ACRYLIC POURING FUN

FACEBOOK.COM / POURDOUT

Have you seen all the acrylic pouring videos? Are you ready to give it a try? Come explore the art of acrylic pouring in a relaxed, fun environment. Create beautiful art on your very first try. After a short lecture and demonstration, you'll create three acrylic pours with lots of personalized attention. For this class, you'll learn the flip cup, the string pull and the dip technique. You'll then have the opportunity to play and see what happens. If you've taken a class with me before, you can incorporate any technique that you've learned. Each class offers something new for the repeating students. The class fee includes all supplies EXCEPT paint clothing. Please wear paint clothes or bring an apron. This class is for ages 14 and up. Box provided so you can take your pieces home after class.
